# FROM YOUR EDITOR...

Hiya Guys

Welcome to another hot edition of !SIR! magazine. I know that much of what I write in my opening page may seem a bit repetitive to our regular readers, but I ask you to bear with me for the sake of the many new readers who are joining us with this edition. As the editor I'm lucky enough to get to choose what goes into every magazine. It's my laborious job (!) to select the pictures and stories, and let me tell you that it's not an easy job to choose what has to be left out! *But somebody's got to do it!* My judgement, however, is not just a case of what turns me on - *sometimes it's quite the contrary*. Since I launched the magazine it's always been my intention to produce the kind of magazine that you, the reader, wants to read. Which is why I spend so much of my time reading your letters, faxes and e-mails. From all this valuable input I try to produce a magazine that satisfies not just the majority, but also include some things that will be of interest to the more 'off-the-wall' readers. What I'm saying is that it's *you*, the reader, who help to make the magazine what it is. Your continued feedback is absolutely invaluable, so I do ask you to keep letting me know what you like ... what you don't like ... what you'd like see. It's good to know that our publications are the most popular on the scene, but remember it's *you* that keeps us at the top! So please don't keep your ideas or comments to yourself. *Let me have 'em!!*

It's a sad fact of life that us guys in the UK don't have legal access to the kind of videos we might enjoy. You know what I'm talking about - *consenting adults watching other consenting adults doing what we enjoy most - the type of video that most other Europeans have free access to*. It's another sad fact of life that this nanny-state censorship situation actually encourages rip-off merchants to deprive guys of their hard earned cash by offering specialist videos - *most of which never actually materialise*. And where do you go for retribution? *Yeah - you got it - nowhere, that's where!*

Well, at last there's a glimmer of hope! Our reputation of majoring exclusively on our very special scenes has prompted a professional video production company based in the Netherlands to approach us with a view to helping them produce the kind of videos that aficionados of our scene want to watch. Enclosed with this issue is a questionnaire to help them with their project, and your input to this would be greatly appreciated - and of course any information will remain completely confidential. *I must point out that, as a company, we have to operate strictly within the UK laws and are therefore unable to supply you with any un-certificated videos - so please don't ask!*

Well, that's about it for now.

Do remember to keep in touch.

See you next time.

*Chris*

# YOU WRITE...

Dear Editor

I've been a fan of your magazines ever since you started, and I must say I've admired the way you've gone from strength to strength since those early days. Your new DV8 magazine is just what the doctor ordered for me, as it covers the more 'extreme' ends of our spectrum. Now that I've read it (well, looked at it!) I understand why you say it's outside the scope of your other publications!

Keep up the good work.

Regards

David

Kent.

*Thanks for the letter David. It seems a lot of you like our new mag - thanks to all you other guys who wrote in.*

Ed.

Dear SIR

I'd like to thank you for dedicating some of your magazine to the important issue of safety on our scene. I've also believed in playing safe at all times, and offer the following advice. Some of it is a bit obvious, but it might help newcomers.

1: Never get tied up or put into bondage until you're absolutely confident that you can trust the guy - and certainly never on the first meeting.

2: If you arrange to go back to his place, let someone else know where you're going, and what time you're due back. If the other guy objects to you doing this then call the whole thing off!

3: All sex should be safe sex, without any exceptions. I always assume that the

guy is positive, and take all necessary precautions. The Terrence Higgins Trust gives some excellent detailed advice about safe sex, and I'm sure they'd be only too pleased to give any help on this subject.

4: Basically, always think safety first and if something seems risky then don't do it.

This all may seem a bit negative, but I think you'll enjoy the scene more if you eliminate any problems before they arise. I've been doing this for quite a few years, and it's never spoilt my fun in any way!

I hope this helps.

Yours faithfully

Richard

Kentish Town

*Thanks for writing in, Richard. What might seem obvious to one guy is often overlooked by somebody else, so your advice is well taken. Our scene is just about the safest I know of, and the only (very rare) problems occur when somebody acts stupidly. What I'd add to your list are drugs and excessive alcohol - both a definite no-no with me.*

Ed.

Dear Baz

Here's another 3I Club letter of congratulation to add to your collection. I'm so glad I finally plucked up the courage to join and make the trip to London. There can't be another club like yours anywhere (and I can tell you that I've tried to find one!) with everyone being so friendly from the moment I went through the door. I like

your policy of no 'cold shoulder' treatment being allowed, and this and the name badges made it so much easier for me to approach the members. Also your 'no ageism' seemed to be working well, with a good mix of guys of all ages enjoying themselves. I was surprised to meet so many guys from all over the UK

- I thought it would be full of Londoners. If any of your readers are still hesitating about joining the 3I Club, or think that you 'hype' up the club - let me assure them that it's everything you say it is - and more besides!

As it all runs so smoothly, I know that you and the team must put in quite a lot of work to make it look so effortless. I can't wait for my next visit!

Many thanks

Trevor

Birmingham.

*Hiya Trevor*

*Thanks for another letter to add to the growing collection! It's always great to hear from you guys, especially as the whole 3I Club team feel so proud and that our efforts are worthwhile. Lots of guys are surprised at how many out-of-towners attend the meetings. Not just from the UK, but from the rest of the world!*

*Baz.*

**Dear Editor**

I've only just 'come out' on the leather scene after living at home with my parents. Having my own flat has given me so much more freedom, and I've made my bedroom into a sort of dungeon. One of the problems I've found when going to strict leather only bars is that most of the guys don't seem to be interested in our scene at all! They just enjoy wearing leather. Even when

they have chains and handcuffs hanging it's just part of the dress code. I'm looking for a Master to introduce me gradually to the slave role. Perhaps it's just that I look a bit too young and they're letting me down lightly? Any ideas?

Paul

S.London.

*Hiya Paul*

*Welcome to the scene! And to the real world! Yes, you'll find that loads of leather guys (and rubber, uniform, you-name-it guys) are just turned on by wearing their particular material, and for newcomers like yourself this can be a bit of a disappointment. I felt just the same way when I started going to the bars. But to be fair, why should we assume that leather equates to SM, Master/slave or anything else on our scene? Although a lot of the Top guys I know are interested in leather, there are many others who have no interest in fetish wear at all. It'll also come as a surprise when that incredibly handsome leather clad hunk drops submissively down on his knees ready to serve! Believe me, it happens! Keep looking - he's out there somewhere.*

*Ed.*

**Dear Editor Chris,**

For a long time I've had incredible fantasies about being a slave, especially to serve more than one Master. Well, at last it's happened! You said you'd like to hear from us guys, so here goes. How it all started was through a contact ad. I'm usually quite shy, so find it impossible to chat up blokes. I thought meeting someone this way would be easier. The anticipation as I watched for the postman every morning was driving me mad! Then one morning I

got two replies on one day, both of them offering me just what I wanted. It turned out that both of them organised Master slave parties, and both of them were looking for new initiates. That night I made my first phone call, and just talking to the guy made me horny as hell. He seemed to know this, and told me not to play with myself whilst I was talking to him. I didn't do much talking, he just told me what would be expected of me if I went to see him for an appraisal. We made a date to meet up at a bar. Then I phoned the other guy. He was much more direct, telling me right away to call him Sir and everything. By the time we'd made an arrangement to meet I was ready to shoot my load, and I asked him for permission. I was surprised when he told me to go ahead, and all the time I was getting closer and closer to cumming I began telling him what I needed, just generally degrading myself, how I needed beating and being made to obey. When I finally shot my load I was feeling higher than I'd ever felt before, screaming out as I spurted more cum than I'd ever managed before. This sort of convinced me to take things a bit further.

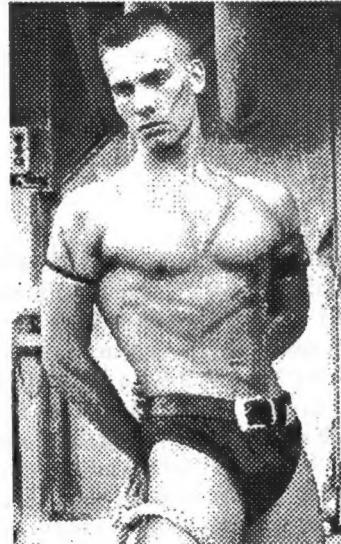

It was two days later that I met the first guy. It was at a club I'd heard about. As instructed I gave my name to the doorman, and he told me where to find the guy I'd arranged to meet. It was in one of the small cubicles that surrounded the main bar area. He was even better looking than the photo he'd sent me, and I was already getting aroused. He said he was having a 'party' that weekend and told me what my duties would be if I was allowed to attend. All the time he was talking I was down on my knees to show him that I understood my place.

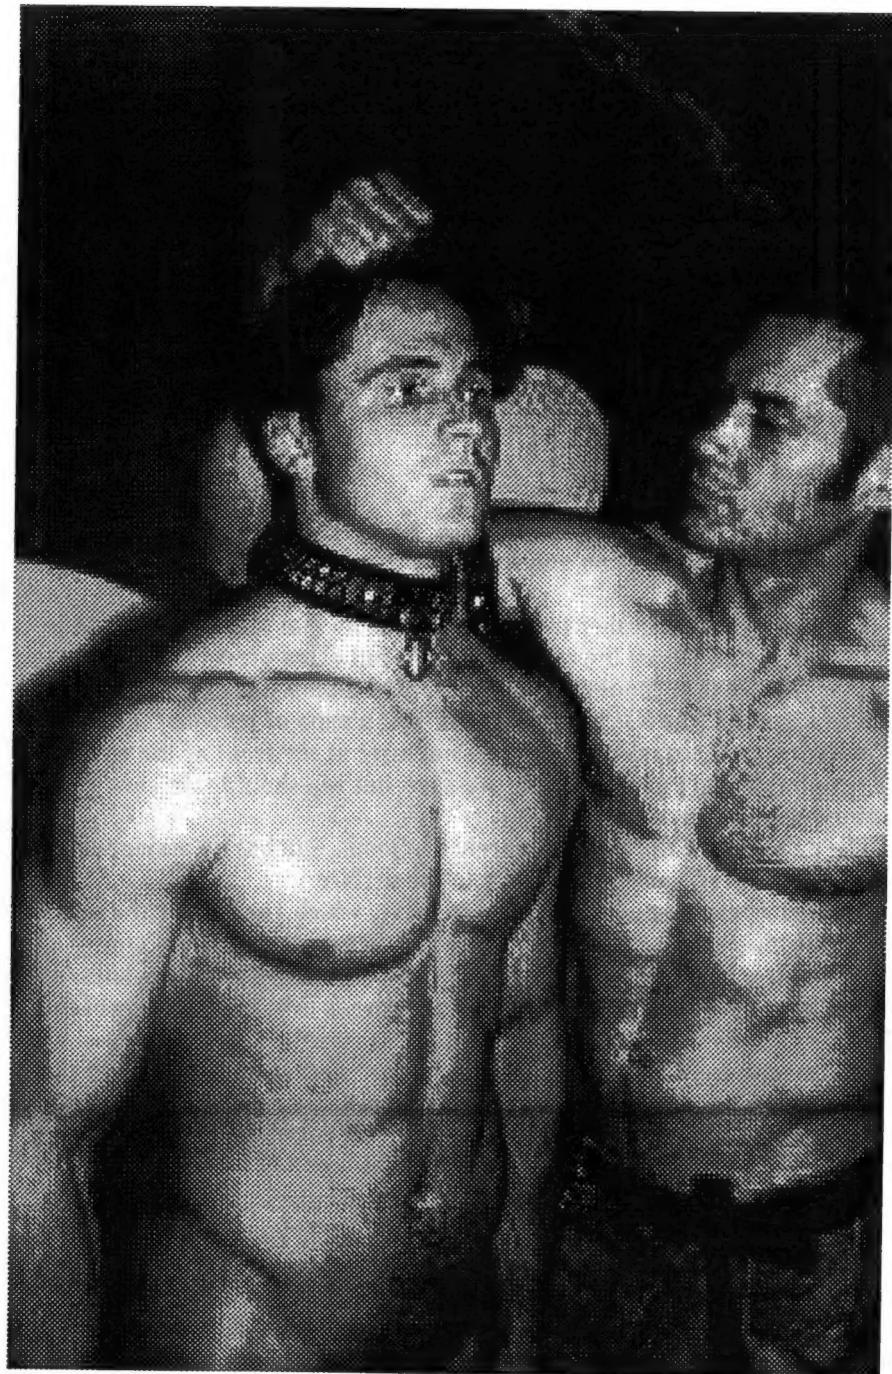

Well, that weekend party was my initiation, and it turned out to be better than I had dared to hope. I served alongside two other more experienced slaves. The Master's were very understanding about my lack of experience, but they still made good use of me! The other slaves also helped me a lot, and by the time it was all over I'd had the most mind blowing time of my life. In fact I wished it could have gone on for longer. I passed my test though, and I'm going back for another session soon.

I'm now looking forward to meeting the second Master, and if you're interested will let you know how it goes.

Yours submissively  
Colin  
Colchester.

*Thanks for the letter, Colin. It's good to know that we've helped you find what you're looking for. Yes, let us know how you get on. Other readers might like to share their first experiences with us.*  
Chris.

# SAFETY ON THE SCENE ... **BONDAGE**

The important thing about bondage is that, depending on where the bonds are tied, how they're tied, and where the knots are placed, pressure is placed on the tissues underneath. You must avoid places where nerves or blood vessels are close enough to the surface of the body to be exposed to this sort of pressure.

One of the common areas for bondage is the wrist. The radial nerve, which ends here, runs down the thumb side of the forearm to supply the thumb. If the bondage, such as rope or a metal restraint is too tight around the wrist, within about twenty minutes the result will be a numb thumb. If the pressure has been applied for a few minutes, the numb thumb may last from a few days to a week, because the nerve has only been bruised, not permanently damaged, but the potential for permanent damage exists. If you do leave the bondage on and damage occurs, the numbness will not go away.

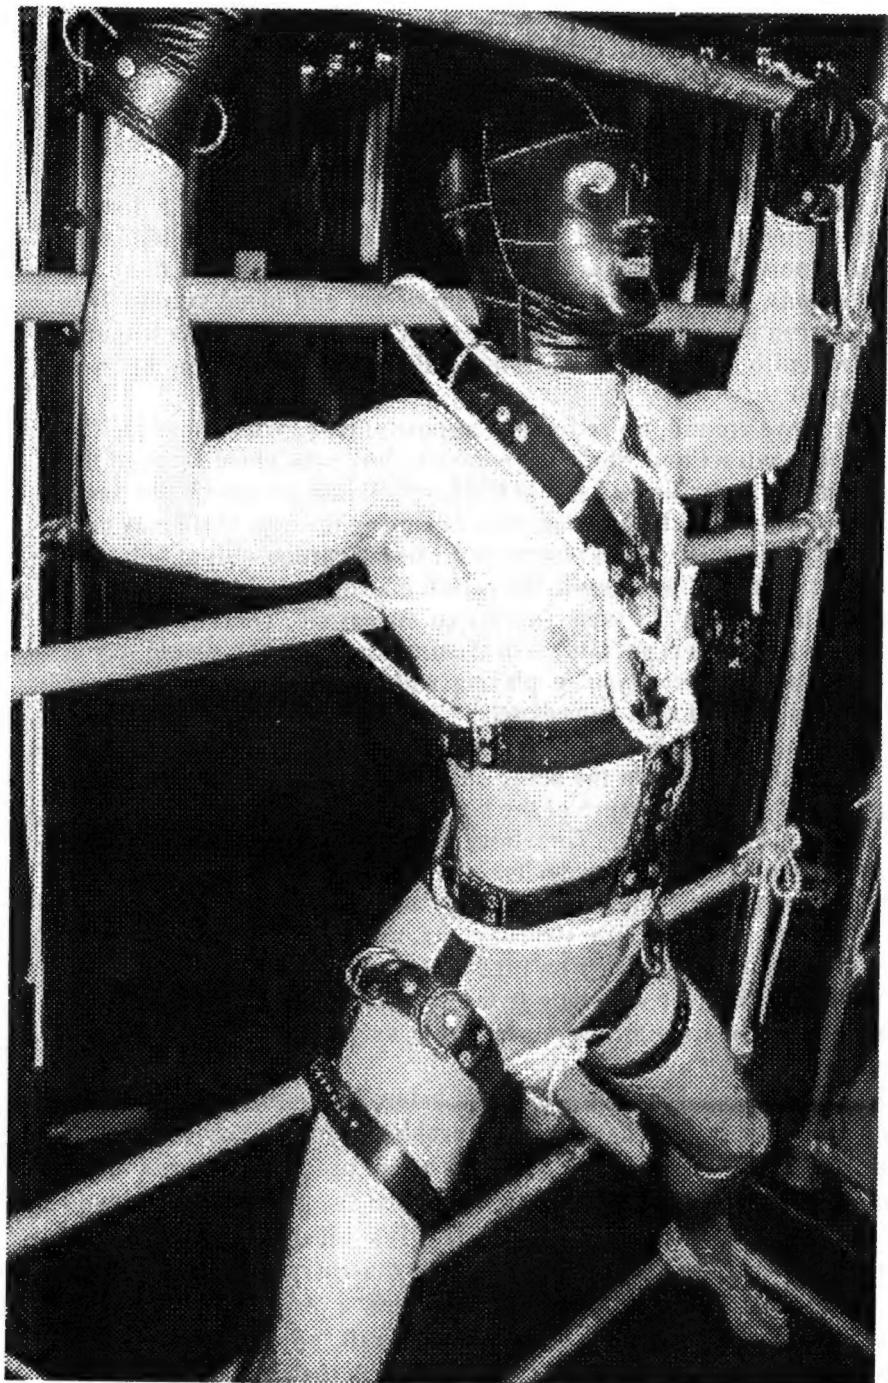

When playing, remember to check periodically that there is sensation in the thumb; if not, loosen the restraint. Knots put extra pressure where they meet the skin, so they should not be put over the thumb side of the wrist. The front of the wrist (the less hairy side) contains a mass of tendons, one nerve in the centre, and arteries. Given the structures at the front of the wrist, it is a reasonable place to apply some pressure, but you should take care when putting bondage there.

The palm side of the hands is purely tendinous, and has no major nerves or blood vessels of consequence close to the surface.

Another pressure point is the ulnar nerve, which runs along the inner side of the elbow. It is moderately protected, being inside a bony groove of the elbow. It is referred to as the "funny bone." Numbness and weakness of the muscles of the hand will result from pressure to this, inner, aspect of the elbow.

If arms are held above the head, the major nerves and arteries to the arms, which pass deep in the hollow of the armpit, are exposed. If you apply pressure under the armpit, you're likely to cut off circulation and bruise the nerves to the arm. Inexperienced players often try to hang someone up by ropes passed under the arms. This will cut off circulation to the rest of the arms and hands. When you're going to wrap any form of bondage in this area, go around the top of the arm, not under it, where nerves, or blood vessels might be affected.

In the lower leg, there is a superficial nerve that runs around the top of the fibula, the small bone just below the outer side of the knee. If pressure

is applied to this area, bruising of the nerve may occur and a "dropped foot" may result. This is because the nerve supplies the muscles of the foot and provides for sensation from the foot. The foot will be unable to be lifted. This condition could last for several weeks. Therefore, you should avoid pressure on the outside of the knee, just below the knee joint.

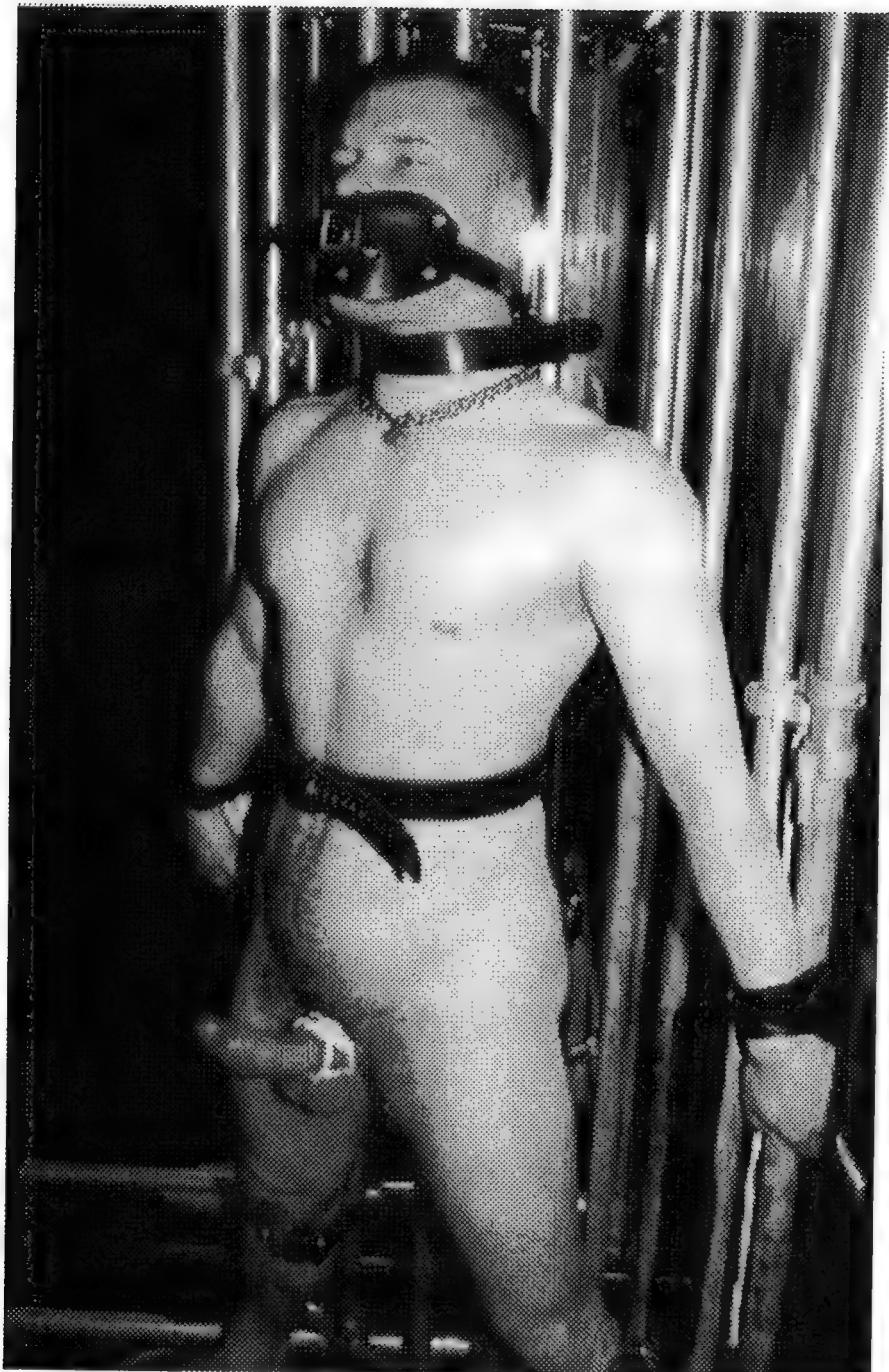

In the area of the groin, the major artery runs from the aorta to the leg and crosses the groin in the mid-point between the pubis and outer hip bone. The major nerve follows the same path. In the crease of the groin there are major tendons, but you're well away from nerves and blood vessels. This means you can put traction here. It may cause a lot of pain to the tendons, even a tendonitis, but you won't interfere with arteries or nerves in the front of the leg.

As we move around, we're fighting against gravity. When we walk, the leg muscles contract and work like pumps to force the blood through the veins from the lower limbs back to the heart. When we stay in the same standing position for a long period without moving the legs, blood may pool in them. Therefore, less blood returns to the heart, cardiac output falls, and blood pressure drops. As a result, the person may begin to feel light-headed or faint. This happens to some guardsmen on parade. There is a similar hazard when a person is put into vertical mummification. You should stay in contact with the person you're playing with, so that any dizziness or faintness can be dealt with immediately.

When a person is released from a mummification, pooling of blood may have occurred elsewhere in the body. The blood may not have returned to the heart, and, as the pressure of the bindings is released, the person may faint almost immediately. Therefore, it is wise, when finishing a mummification, to have the person horizontal, or at least be prepared to put them horizontal, otherwise the person may faint.

The trachea is a fairly firm structure and, unless you apply moderate to severe pressure, you probably won't reduce the air supply to the lungs. Note that this is true only for wrapping style bondage. If a collar is tugged from the back, that moderate to severe pressure is very easily achieved and the person will choke.

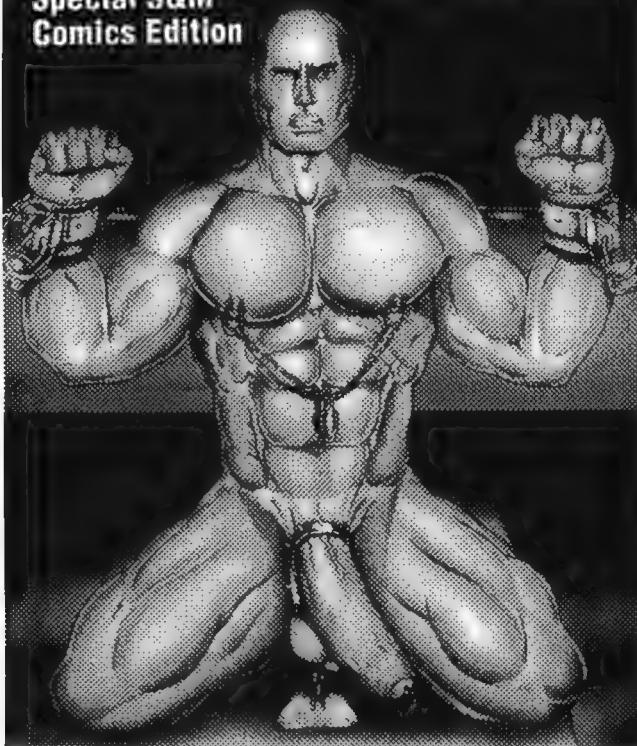

If you put a wrapping around the neck, before air supply restrictions due to impairment at the trachea become a problem, you're likely to run into blood supply problems due to impairment of the two major arteries to the brain. These arteries, the carotid arteries, are at the sides of the neck and have a sensor just below the angle of the jaw. It's called the carotid body. If pressure is applied to the carotid body, it may cause a marked drop in pulse rate to as low as 30 to 40 beats per minute and a marked drop in blood pressure, easily enough to cause a faint. Overall, be very careful when applying any restraints to the neck, particularly in the region of the jaw.

# TURNAROUND NIGHT

There must be a fuckin' good reason why I'm here like this.

The leather slave harness I'm wearing does more than just turn me on in a new and exciting way ... it lets every other guy in the place see just about every bit of me that they wanna see.

*Not only see it, but have it if they want it!*

Providing, of course, that they've got the right credentials for tonight's special meeting of the brotherhood.

Instead of the skin tight pale blue denim 501's bulging at the crotch under the black leather chaps I usually wear, I am wearing nothing but this fuckin' slave harness! My cock and balls, the flesh of my thighs, all totally exposed.

For the first time in a very long while my entire crotch area is totally shaved, and feels intensely naked.

Although I haven't been told to do so, I've also shaved my arsehole.

Shaving this part of my body is

my required act of self imposed submission for tonight's special meeting.

Despite trying everything I know to control myself, my cock is already staying relatively hard most of the time.

I know that this fact has been noticed and is bound to be used as a reason for punishment - *not that a reason would be needed tonight ...*

I'm desperately missing the usual sense of power and control that wearing the figure hugging made-to-measure black leather jacket always gives me when I'm here at the club as a Master.

Tonight my broad chest is completely bare and on display.

My unexpectedly enlarged nipples, like every other part of my body, are on full view. Each of my swollen tits is encircled by a steel ring, these heavy rings being just a part of the ingenious black leather slave harness.

The extraordinary design of the harness has been created

with very specific and deliberate objectives in mind ... to make the slave wearing it fully aware of his body - and continually mindful of his status.

I'm in the slave harness because tonight is one of the 'Turnaround Nights' at the club.

One of the special nights of the year when selected Masters are required to become total slaves.

A specific night when the regular slaves are in total control and get their chance to show their Masters exactly what being totally subservient feels like.

On these special 'Turnaround Nights' of The Fraternity the rules are extremely simple.

*Slaves become Master's for the duration, and Master's become slaves.*

In a secret ballot organised by the Higher Council of The Fraternity, slaves select the Master's who they feel are most in need of re-education.

My own slave, Paul, has almost completely ignored me since he arrived.

I somehow knew that he'd arrive early.

He's accompanied by a couple of other equally lithe and attractive young slaves who I know to be complete novices.

I suspect it was Paul who suggested that I should be one of the wretched squad of four Master's chosen to become slaves and scrub the floors of the bar as an additional part of their duties on this special night.

It's strange to see Paul fully dressed here in the club.

His outfit of skin tight faded denim jeans bulging at the crotch, a figure hugging white vest worn under a black leather jacket, everything deliberately chosen to make the fine condition of his slender, lightly muscled young body manifest.

I'm used to seeing him dressed as a slave, just a leather pouch locked around his cock and balls, plus the ubiquitous white socks rolled over the highly polished boots.

The bar is deserted, just the barmen making final preparations and us four scrubbing the floors.

I'm on my knees, my freshly shaved arse up in the air,

continuing to scrub the wooden floor diligently as I look up to watch him and his friends wander to the long bar and put their incredibly well rounded arses on the bar stools.

They're obviously enjoying themselves, laughing easily at each others jokes and gibes, occasionally putting their arms around each other.

Each of them has the ubiquitous riding crop hanging from their leather belts, and I suddenly understand the incredible fear that just the sight of this vicious implement can instill.

Then they're off the stools and coming towards me.

I continue to stare at them.

*Another big mistake on my part!*

I'm supposed to be looking at the floor all the time.

I know the rules a slave works under.

*Paul and his mates, of course, also know this rule only too well!*

He and his young colleagues don't even attempt to slow down as they come towards me.

They know the rules about this as well.

*A slave makes way for a Master, always showing absolute deference.*

*And tonight I'm a slave.*

Unfortunately my mind hasn't yet fully come to terms with this fact.

Somehow I manage to hurriedly grab at my bucket and scramble out of their way, splashing water all over the place.

Somehow I can't stop staring at Paul, and my cock is growing painfully stiff as I see him stop dead in his tracks, looking down at his shiny boots, splattered with the drops of dirty water I've inadvertently spilt over them.

The slightest sign of a knowing smile begins to form on his young, beautiful face, his eyes now sparkling wickedly.

I hurriedly turn my head back to face the floor, but I know it's too late!

Out of the corner of my eye I see that his friends have also stopped.

My heart is pounding furiously as I feel a leather collar being fastened tightly around my

neck, then sickening sound of the metallic click.

I know that sound from long experience.

*I'm on a leash!*

A sudden tug and I'm being dragged across the floor towards the bar, crawling behind Paul like a dog.

As he and his mates settle themselves once again on to the bar stools, I feel the hard rubber sole of Paul's boot pressing on the back of my neck, pushing my face hard against the floor until the smell of disinfectant is filling my nostrils.

*I'm still kneeling.*

My arse is still high up in the air.

*I know better than to move.*

From my ignominious position I see more and more boots arriving around me. The utter humiliation is beyond description, and my mind and body are in total turmoil.

But as a long established Master in the fraternity I am honour bound to endure this abject degradation.

For all the Master's enrolled in the unique organisation are

expected to undergo this treatment periodically.

*Even the members of the Higher Council cannot avoid this.*

A strange sense of admiration begins to overwhelm me as I realise just how much Paul has learnt under my training.

When I spilt the water on his boots he could easily have punished me right there and then.

*But he's learnt first-hand the efficacy of prolonged, anxious expectancy.*

After what seems an endless period of time, I'm not surprised to feel the inevitable sharp tug on the leash as Paul orders me to lick his boots clean.

Despite my aching limbs and parched mouth I force myself to begin the degrading task, somehow managing to develop just enough saliva to form the compulsory thin film of spit over the leather.

I can almost feel the eyes of the crowd of slaves intently watching my humiliation.

A slight movement of Paul's boot against my face and the frightening feeling of his riding

bare arse cheeks is enough to warn me that I'm not licking hard or fast enough to satisfy him, and I immediately redouble my efforts.

The smell and taste of the leather combined with this public display of grovelling submission are beginning to intoxicate me.

My cock is achingly stiff, my bollocks brimful.

I'm moaning dementedly now, my head swaying frantically as my tongue hungrily licks at every part of the boot.

Paul is now pulling firmly at the leash, dragging my head to his other boot. But my head is kept away from it, the tight leash held frustratingly just above the leather. I know what Paul wants, but I have to wait for the order.

*He wants me to beg to be allowed to lick his boots!*

When his order finally comes I decide to wilfully disobey.

*Stupidly, I decide it's time to make him earn his fuckin' new-found position.*

There's still a part of the Master in me that needs to show these slaves that I'm not

going to be broken so easily.

*Of course deep down I know I can't win.*

Suddenly I'm being dragged up until my head is level with the bar, and I begin to have my first regrets.

The slaves either side of Paul move aside to make room for what is quite a familiar occurrence here, and my heart begins to pound furiously.

Sure enough, the collar around my neck is secured to the bar and my arms stretched wide. Leather restraints are locked around my wrists and I'm fastened in this position.

Usually a slave would be soundly thrashed until he begged for mercy, and then be allowed to carry out his Master's orders.

*And this is exactly what I expect - hope for even!*

But Paul has other ideas!

Speaking slowly and deliberately he details each of my offences so far that evening.

Having an erection without permission.

Deviating from floor scrubbing duties and looking at a Master

duties and looking at a Master without permission.

Not moving away when in the path of a Master.

Soiling part of a Master's clothing.

And finally, the very worst offence a slave can commit ... *disobeying a direct order!*

I know that Paul now has no choice.

*He has to sentence me to a fixed penalty!*

And it has to be a heavy one.

Knowing what's in store I instinctively struggle against the restraints, using so much effort that veins are starting to bulge.

I'm frantically turning my head from side to side, staring wide eyed at the onlookers in a pathetic effort to gain some sympathy.

But the intense expression on their faces tells me that almost to a man they'd all been strapped to the bar like this.

Like me, they'd struggled to get release.

Despite my better judgement I'm whimpering and begging, knowing that nothing can stop this punishment.

I'm wishing I hadn't tried to prove myself so early in the night.

My heart is pounding furiously, and I'm sweating, drenched with fear.

Paul is now proclaiming the sentence, and despite knowing the inevitability of the severe punishment I can't believe my ears.

It's to be the maximum number of strokes allowed here at one session.

*And he's asking his two colleagues to help him administer it!*

From personal experience of administering this harsh sentence I know that even an experienced Master like me becomes tired towards the end. For my own part, as an element of maintaining my machismo I've never asked for any assistance.

*But these guys have no need for such inhibition.*

The first stroke lands on my quivering arse cheeks sending a sickening wave of pain through my entire body.

I'm convulsing in agony.

The thought that the following

strokes are not going to get any easier is making my stomach sink.

*How the fuck am I going to endure the rest of this deplorable punishment!!??*

I'm looking over my shoulder.

Paul is in no hurry.

He's just standing there, legs wide apart, leisurely brandishing his riding crop, gaping at the deep red weal I can feel developing under the painfully throbbing flesh of my shuddering arse.

He looks incredibly handsome, and my mind is forming a more familiar picture of him ... he's stark bollock naked except for the boots and leather collar that I make him wear around the house ... his perfectly developed lightly muscled body is completely hairless ... the vision is disappearing and I'm back to reality as I watch him bringing the crop back over his shoulder.

I catch a glimpse of the other 'turnaround' slaves who have been assembled around me to watch my degradation. I can see the look of pity on their faces. And the fear! They know that there is every possibility

that they'll be suffering like I am before tonight is over.

The riding crop is now cutting through the air and I'm closing my eyes tight shut at the same instant that my arse cheeks are clenching together as if this pitiable action might somehow alleviate the incredible agony.

The searing pain coursing through me as the crop finally hits my agonised flesh is making me scream out for mercy.

Despite the fact that I know only too well that there is nothing anyone can do to help me, to put an end to this misery, I am already blubbering dementedly.

I'm instinctively demeaning myself, begging and pleading. The incredible pain is making me lose any ideas of self control.

How often have I put Paul through this terrible ordeal?

*Why the fuck does he keep coming back for more?*

My whole body is now writhing around frantically, struggling against the leather restraints that are so fuckin' effective at

keeping me in this degrading position.

I'm already feeling resentful.

When I thrash a slave I always take time to gradually build up his pain threshold, working slowly but diligently on his naked arse cheeks until he's ready to take the heavy stuff. I know that when I punish a slave it's actually part punishment and part pleasure, and this is what makes the slaves keep coming back for more of the same.

*But I know that young Paul doesn't have the luxury of time on his side.*

I'm trying desperately hard to rationalise the situation.

Of course he has to enforce his absolute authority over me in the very tight time frame of this special Turnaround Night.

Again I feel an intense sense of admiration for the young man.

*He's making every moment count.*

He's making absolutely sure that I'll willingly obey every order I'm given tonight, and he's using me as an example to the other turnaround slaves watching my plight.

He's also showing the other turnaround Master's that their authority tonight is unquestionable.

By thrashing me unmercifully like this, forcing me to ignominiously accept his absolute control, he's telling them in no uncertain terms that they can use the turnaround slaves in any way they want!

According to the strict code of the Fraternity there will be no repercussions.

*There will be nothing to fear when tonight is over.*

I'm opening my eyes again, pervertedly proud to see the look of admiration that the assembled crowd are showing towards my normally submissive prodigy.

He's raising the riding crop again.

I'm screaming dementedly, begging him to allow me to lick his boots clean.

I'm pleading with him to allow me to do anything he wants just to avoid the rest of the punishment.

*But I know he has that right anyway.*

The excruciating burning pain of the riding crop again cutting into my quivering arse flesh is sending wave after wave of agonizing misery through my convulsing body, beginning to take me back to a long forgotten domain.

As I writhe around dementedly, struggling frantically against the formidable, inescapable restraints, I'm remembering my past.

The incredible agony coursing through my body is reminding me of my initiation as a young slave.

Vague feelings of unexpected pleasure and satisfaction are beginning to pervade my tortured emotions.

My mind is swimming in turmoil. I'm telling myself over and over that despite everything I'm still a Master. The extraordinary feelings of pain and humiliation raging through me are not new ... just long forgotten.

Now a breathtaking excitement is starting to creep into my mind. The final realisation that I have no control over my body is actually arousing me!

For some reason the beating

has stopped, and I'm annoyingly frustrated.

My cock is painfully rock hard and my bollocks are full to overflowing!

*I'm a slave for fuck sake! Treat me like one!*

*I've been disobedient, and I need to be put in my place!*

I'm deliberately trying to push my painfully throbbing arse cheeks into the air, inviting more thrashing.

I'm looking over my shoulder, hoping that my imploring expression is enough to let the Master's know that I'm ready for more!

One of Paul's friends has taken his place directly behind me. He's removed his leather jacket.

The white singlet is clinging to his chest, and I can see that he's nothing more than a lightly muscled slender youth. He is one of the newest members of the Fraternity - and I can see that his incredible youthful beauty is going to make him a very desirable slave.

*But right now I need a Master to deal with me.*

I close my eyes as the youth raises his arm back before bringing the riding crop back over his shoulder.

I'm not expecting the blow to be a heavy one, and I relax a little.

I can hear the crop whistling through the air, and I'm screaming in agony as the incredible, unbelievable pain blazes deep into the pulsating flesh of my already scourged arse cheeks!!

I'm wondering where the slender lad got his astonishing power from!

As I open my eyes wide and look at him incredulously I can see the impishly wicked smile forming on his beautiful young face.

He knows only too fuckin' well that he's taken me by surprise, and that I'm now dreading the rest of his thrashing!

I'm begging with him now, again instinctively pleading for mercy.

I know it's what I'm expected to do.

*But now I need to do it.*

I know there's not a chance of mercy.

But I need to convince these turnaround Masters that I'm ready to serve and accept my punishment like a real slave.

My eyes are filling with tears as I continue to look into that stunningly attractive, young, innocent face. A face that is so perfectly concealing the forceful potential that I know will one day make him a real Master.

And I know that he's thoroughly enjoying the result of the absolute power he has over this formerly arrogant Master tonight.

The crowd of guys is watching the action intently, knowing that this is just the start of what will turn out to be a truly memorable turnaround night.

The crop is now landing again and again, and I'm blubbering dementedly as over and over the blows are cutting into my agonised arse.

I've stopped screaming.

I'm too physically and mentally drained to make any kind sound other than the pathetic, indistinguishable blubbering noises.

Long before the final blow is landing I'm ready to grovel on

my knees in front of any of the turnaround Masters.

How long it's taken I have no idea, but know I'm now craving the chance to serve and obey.

I'm unexpectedly aware of how incredibly powerful the natural slave instinct is, and how swiftly the desire to serve a Master returns.

Especially under the proficient discipline I'm undergoing right now.

The restraints are being removed, and I'm just about ready to collapse on to the floor.

But hands are holding my arse cheeks, keeping me upright, rubbing eagerly over the innumerable ridges of the painful weals that have formed on my flesh. I know from long experience as a Master that I'll be carrying these marks long after tonight's ritual is over.

Paul is now ordering me down on my knees, and I know what's expected. My boot licking duties must now be carried out with renewed vigour and enthusiasm.

A bowl of water has mercifully been placed on the floor, and

I'm hovering over it, desperate for the order to lick like a dog.

*I know that despite my incredible thirst I must wait for the order.*

My throat is parched, but I stay on my knees, not daring to move a muscle.

I stick my tongue out and pant like a broken dog.

A boot is on the back of my head, pushing it into the cold water and I take this as permission to start lapping out the bowl.

I can feel warm liquid pouring over my head.

Some of it is running into the bowl, some of it down the spine of my back and over my arse cheeks.

The liquid is smelly and salty, causing the weals to become even more inflamed.

Of course I know what's happening, and where the torrents of hot liquid are coming from, but nevertheless I know that I have to keep slurping until I'm given the order to stop and the bowl is empty.

The Master's will know when I've had enough.

The liquid has now virtually stopped falling on my head, just the occasional drop on my back.

*I can picture the Master's shaking their cocks, carefully putting them back in their jocks and buttoning their Levis.*

I'm eagerly licking the last dregs of the repugnant liquid from the edges of the bowl.

I'm having to chase the fuckin' bowl around the floor as it keeps moving away from me. A Master's boot is occasionally kicking the bowl back, but otherwise I'm being ignored.

The Master's have returned to their stools, and are again engaged in conversation. I can just make out snatches of their discussion, and my heart is pounding as I hear them deliberating about what they have in store for us slaves tonight.

Another slave has crawled across the floor and is now kneeling dutifully beside me. Of course I know him well as Kain, a well respected and much admired Fraternity Master.

It's really strange to see him like this, his incredible

physique also encased in a leather slave harness. Instead of his usual formidable attitude he's actually shivering slightly. I can see that his arse has also been severely dealt with, and assume that he's already been taken to the club's private chamber by his young Master for a private initiation session.

*Paul is ordering us to lick boots.*

Kain, like me, is now ready and willing to perform his slaves duties, and the saliva is dripping profusely from his mouth as he drools and licks feverishly at the numerous black leather boots.

Our collars are being tugged from Master to Master as we are dragged along the bar, crawling from one set of boots to the other, knowing that we must keep up the fervour of our efforts or feel the wrath of our Master's.

Now Paul is now dragging me through the crowd towards the small raised stage. He is stopping from time to time so that any guys who show an interest in me can take hold of my stiff cock, play with my bollocks or enjoy watching me

wince as they squeeze the cheeks of my agonised arse cheeks.

A few of them tell me that they'll be taking me to the private chamber later for a private session, and my cock is quivering and growing harder by the second.

I compulsorily thank each of them, instinctively addressing them as Sir or Master.

We're on the stage now, and the amount of attention my cock's been getting has made me close to shooting my load, and I'm desperately trying to keep control, but it's almost impossible.

Paul is now removing the slave harness and the crowd of guys around the bar are turning around to watch the action.

The harness is now off, and I'm feeling incredibly naked and vulnerable.

Kain's Master is now leading him on to the stage, turning him around ignominiously, telling him to spread his legs wide so that the guys can clearly see the mass of dark red weals covering his well rounded arse. There is a muttering of approval from the onlookers.

Two other slaves are setting up the special wooden ankle stocks in the centre of the stage, and my heart is pounding.

My legs are being spread wide as my ankles are locked into the stocks.

Kain is now in front of me, also locked firmly into position.

We're now both fastened securely in the position that keeps us immovable facing each other.

Our arms are completely free.

We're so close together that our bodies are almost touching.

I can feel the helmet Kain's magnificent, huge, hard cock touching mine, and it's taking all my self control to prevent myself from reaching down and grabbing hold of it.

Our faces are all but touching, and I'm longing to lean forward and force my tongue between his lips and deep into his mouth.

As I look into his startling dark brown eyes I can see that he's unquestionably craving the same thing.

*But both of us are absolutely terrified of the punishment that would result!*

We both know that, at least for tonight anyway, such spontaneous behaviour is strictly forbidden.

As I keep looking into his profoundly seductive eyes I'm remembering the many times when I'd be looking at him across the bar, wondering if his body was as perfect as I'd imagined it to be.

*And now here it is at last!*

More incredibly perfect than I could ever have imagined it could be.

Completely naked and available.

But not for me.

*Somehow I have to resist the most urgent sexual desires I've ever felt in my life!*

The more I keep looking at Kain, the more admiration I'm feeling for my slave Paul and the other turnaround slaves who've so carefully organised tonight's meeting.

I'm now realising that I've been grossly underestimating their fantastically intuitive perception of what really goes on in this place.

And I'm feeling incredibly excited by the fact that the

slaves might just think that Kain might be feeling the same desire for me!

Paul is handing me a large black rubber butt plug, telling me that I have to get it into Kain's arsehole.

Someone is fingering my own arsehole, at the same time squeezing copious amounts of cool lubricant into it.

I'm watching incredulously wide eyed as Kain is being handed a similar fearful looking huge black rubber butt plug.

My heart is pounding! I can clearly hear him being told to get that plug right up into my arse!

*I know I have no choice. No matter what my personal feelings might be about abusing Kain, I have to obey my Master.*

*And I know that Kain has to do the same. He's been told to get that fuckin' butt plug into me, and that's exactly what he has to do.*

In an attempt to ease the inevitable and incredible agony that I'm duty bound to inflict upon him, I'm gently putting my arm around Kain, placing my free hand into the small of

his back as I'm pulling his stunning naked body hard against mine.

I'm gripping the massive butt plug tightly, feeling between his widespread legs, pushing it hard until his pained expression tells me that I've finally found the target.

He's willingly reciprocating everything that I'm doing, and I'm feeling him slowly but deliberately rotating the tip of the hellishly huge butt plug hard against the sensitive rim of my trembling arsehole.

I know I've got to somehow accommodate the terrible object, and I'm trying to relax my body, at the same time steeling myself for the hideous agony I know it'll inflict.

Kain and me are now engaged in a fierce battle of wild and uncontrollable emotions, both of us realising that to make the final mutually agonising penetration even mildly tolerable we'll have to risk a severe and painful punishment.

I'm leaning forward, my tongue eagerly exploring Kain's lips.

His lips are parting, and I know that he's ready to accept the terrible consequences.

I'm totally overwhelmed by the fantastic sadomasochistic sensations coursing through me, and as my tongue is entering his mouth I know I'm risking the terrible retribution of the turnaround Master's by pulling his magnificent naked body close to mine.

Our mouths are now frenziedly fighting for total supremacy, our wildly intertwining tongues wrestling violently for ultimate superiority. The incredible pain in my arse is unbelievable as Kain finally starts to push the huge butt plug hard inside me and I can feel the skin of my arse rim stretching agonisingly until I really believe it's going to be torn apart.

My painful arsehole is now convulsing in agonisingly violent spasms, eventually closing painfully and unwillingly to enclose within me the huge butt plug.

In the blinking of an eye I'm responding to Kain's violent intrusion of my body, now using all of my power to force the huge butt plug gripped in my hand beyond the struggling rim of his terrified arsehole, finally burying the enormous object deep inside him.

We're now both uncontrollably aroused, frenziedly exploring each others bodies and kissing deeply.

Our legs being so securely fastened and spread apart in the ankle stocks means our naked are forced against each other.

We both know that we're being intensely scrutinised by the onlookers and more importantly by the turnaround Masters, but our basic sexual instincts are the uncontrollable driving force now.

I'm grabbing at Kain's huge cock, grasping hard at his bollocks, and I know from the look of ecstasy that he's relishing in every second.

He's now working on my dick, pumping it frenziedly.

A sudden pain is now burning into my arse cheeks. Paul is thrashing me! Whether this is intended to stop our disobedience I neither know nor care!

I'm watching Kain's handsome face contorting as he's also being thrashed now, the sickening sound of the heavy leather belt hitting against the flesh of his arse cheeks filling the room.

My entire body is now writhing, the fusion of unbelievable sensations are starting to blow my mind.

My cock is ready to explode, and I'm using every bit of self control to delay the inevitable for as long as possible.

*I'm cumming ... I'm screaming dementedly ... my entire body is writhing about uncontrollably ... fuck! Oh! fuck! I'm cumming and I can feel Kain's torrent of hot juices splashing over me as he writhes frantically.*

The pain in my arse has stopped, and there is an eerie silence in the bar as Kain and I wrap our arms around each other.

We're both completely spent and gasping for breath

Almost every guy in the crowd of enthusiastic onlookers has an expression of eager satisfaction on their face. They know what's coming to us for the rest of tonight's turnaround session!

My arms are being snatched away from Kain's body, forced behind my back and handcuffs are being clicked shut.

I'm being lead off the stage, towards one of the steel cages.

*I'm wondering just how I'll manage to endure the rest of tonight!!!*

# GET SIX OF THE BEST ... FROM THE STORYTELLER! 'THE STORYTELLER'S ANTHOLOGY'

*Six of The Storyteller's hottest stories bound together in one sizzling volume!*

## SCHOOLDAYS - PAINFUL REMINDERS

This story follows the progress of a young lad through public school - his initiation by the older boys - his visits to the games-master for a slippering and to the head for his canings - his relationship as a fag to the 'head' boy. In this story he's really made to work for his 'O' and 'A' levels!

## BORSTAL BASTARDS

This story reveals the vicious and sadistic treatment dealt to a young offender in one of the countries most despised institutions. To help support his destitute family the main character turns to crime, gets caught and is sent to an institution to receive his 'short-sharp-shock' treatment. Being young and attractive is soon 'befriended' by the Borstal's head boy and eventually raped.

## INCEST BY COMMAND

This story deals with enforced incestuous behaviour - CP - bondage and humiliation. Two brothers are blackmailed into becoming servants (slaves?) to an older man. They endure thrashings, and are trained to perform all the duties demanded and forced upon them - to obey even when it means total humiliation by performing degrading sexual acts.

## BOUND TO PLEASE

This story deals with many forms of bondage, imprisonment and servitude. Captured by a gang of young vigilantes the main character is subjected to imprisonment and harsh interrogation. He is made to endure long periods of bondage secured with ropes, chains, and various other devices. The 'leader' is determined to break his young captive in front of the gang - no matter what it takes!

## INFANTILE BEHAVIOUR

This story demeans a man's 'normal' relationships and behaviour. Because he is so weak-willed the main character is easily dominated and finds himself forced to behave and be dressed as a baby. To wear nappies, suck on a dummy, wet his pants etc.

## TOTAL SLAVERY

This story involves considerable leather, bondage, corporal punishment as well as yellow and brown action, deprivation and humiliation. For quite a while this 'slave' has been enjoying scenes where he knows he is always in control, but is constantly and frustratingly aware that he needs the 'real thing'. In this story he gets to experience total and complete slavery from a leather clad Master whilst imprisoned and chained in a well equipped dungeon.

DV8 is the brand new picture magazine from ST Publishing, aimed strictly at men who are into the heavier and more bizarre fetish scene's than !SIR! or HOUSEBOY can cover. It's mainly a picture publication, with just the odd article or story. Whilst our readers still love our existing mags, some of them asked for this kind of 'heavy' publication, and since it's launch it's really taken off in a big way.

Each issue also includes the latest printed update for The MeetLine - the UK's hottest and busiest 'phone contact line dedicated exclusively to our special scene's where you can just dial in and listen to the advert that turns you on - you can then leave 'em your reply if you want to!

DV8 is published quarterly, and just like it's associates, it carries hundreds of personal advertisements. Subscribers get a 20 word personal advert absolutely free of charge.

A single issue is £7.50, a four issue subscription is £25 ... saving you £5

## VIDEO MODELS WANTED

### GOT A DUNGEON OR PLAYROOM?

As you've probably read elsewhere in this magazine, we've been invited to assist some keen professional video makers in The Netherlands with their productions. We're looking for suitable locations where these can be shot. If you've got somewhere suitable that you'd be prepared to let us use, please get in touch.

We've just held our first very successful auditions in London, but still need more guys to appear in our forthcoming video shoots. You don't need to be an experienced actor, but a keen enthusiasm for our scene is a big bonus! If you think you've got what it takes (and are ready to show it to the others!) then drop us a line with a recent photo and we'll be in touch.

All photos will, of course, be returned, and your details kept in the strictest of confidence.
